

# Opening Doors Toronto 2017

## Strengthening our Connections: Let's talk about Sex, Substances, and Safety

A free 1 day forum to explore our journeys with insight into our own mental, physical, and spiritual health

Opening Doors is a forum designed to strengthen HIV/AIDS counselling and support services by bringing together a diverse range of HIV-related support workers and people living with HIV/AIDS (PHAs), volunteers, and community members to support and learn from one another.

Opening Doors will:

- Discuss the connections between sex and substance use
- Consider ways to safely and effectively use social media
- Share strategies to reduce isolation and engage with communities
- Expand on challenges related to mental health and substance use affecting our diverse populations
- Provide information about connecting to available tools and resources
- Foster a positive environment of dialogue

We encourage attendance by:

- People living with HIV/AIDS
- Support Workers, Counsellors, and Case Managers in HIV/AIDS Service Organizations, Mental Health, Substance Use, Harm Reduction, and other HIV-related services
- Community Members, Volunteers, and people affected by HIV/AIDS

Friday, March 3, 2017

9:30 am - 4:30 pm

*[Check-in & breakfast at 9:00 am]*

The 519  
519 Church Street  
Toronto, Ontario
